BOW ISLAND

From our own Correspondent

A Worthy Object

Burdett will have a Huge Celebration next Monday 19th. July when they hold their Twelfth Annual Old Settlers Day and Second Peace Day Commemoration

There will be all kinds of Sports and Attractions, one of these being an Aeroplane, which they have engaged for the whole day. The pilot is a well known Aviator who recently performed in Lethbridge some hair-raising and Thrilling Stunts such as is rarely seen by anyone, and which is likely to be repeated again at Burdett

We hear that everyone will have a chance for a Free Flight in this Aeroplane across the country

And to show that Burdett is brimful of the Right Spirit, all the Profits of this Big Day will be used for erecting a Memorial to the Men of Burdett, those Heroes who gave their lives for the cause of Freedom, Democracy and for Canada

May we ever remember our debt to the Valiant Dead, who Died that we might Live.

Mr. Archie Hoaglin left Monday for Travers, up North, where he will stay for about two months

Mr. and Mrs. Peter Stringer and family of Orion, Alta. were business visitors here last Monday

Mr. and Mrs. H. Smith from Coaldale are spending a few days in town looking after their interests here

Mr. and Mrs. Ostrum were visitors to Foremost last Sunday

Mr. Henry from Perille Plains was a business visitor to town last Monday

Mr. Bell of Seven Persons left a few weeks ago for the purpose of finding work at B.C.

Mr. Rob of Seven Persons motored to Medicine Hat last Tuesday

St. Michael's Church

Mass will be celebrated on Sunday 18th. July at 11:30 a.m.

Mr. and Mrs. W. H. Tweedle and daughter Mrs. Hutchison arrived from the East last Saturday, to spend a couple of months with their son F. W. Tweedle

The Aeroplane visited Bow Island last Tuesday, and many of our Citizens took a flight around the country at \$10 a piece

Mrs. Gilbert left Tuesday for Detroit, U.S.A. where she is going on an extended visit to her brother there

NOTICE

U.F.A. and U.F.W.A.
Pres. L.D. James Pres. Mrs. James
Will meet on Saturday
17th July
In Joint Session

Sec. G. Monds. Sec. Mrs. McGregor
Business ordinary and also to plan closing of membership drive

BASE-BALL

Bow Island vs Burdett at Burdett on Monday 19th. July.

Bow Island will also send a Team to Burdett on that date One Long Round of Fun and Sports all Day

And a Pippin of a Dance in the Evening. The Moving picture Show will be packed

Bow Island Fans come and boost your side for Victory!

The One Cent Sale at the Bow Island Drug Co. closes Saturday night

LOST

One black Holstein Cow marked on right shoulder with white. Last seen at Arblaster's on Monday July 5th. Anyone seeing the same please notify Archie Hoaglin

The glorious Heavy Rains of last Monday has put new heart into our Farmers and the Crops are now jumping along. Several Farmers now estimate they will get a 3000 Bushel Crop of Wheat

Don't forget the Ball Game at Burdett next Monday the 19th. between Taber and Burdett

Bow Island School District No. 1883

Tenders for the position of Secretary - Treasurer for the above named School District will be received by the undersigned up till noon Thursday July 22nd. Duties will include tax collection, further particulars can be had from T.R. Blaine or the Secretary

Alfred Millar.

"Mountie" Active In Eastern Canada

Helping to Enforce Immigration Rules and Prevent Any Smuggling

Equipped with motor-cycles, members of the Royal Canadian Mounted Police, recently posted to their new stations in Eastern Canada, are gradually increasing their activities along the St. Clair border. Stringent enforcement of the immigration rules is being insisted upon, and all persons suspected of being guilty of breaches of the immigration or customs laws are brought before the authorities, and asked to explain. Reports of extensive smuggling of Chinese into the United States has resulted in the appointment of a force of special officers on the American side. The matter has become somewhat serious south of Port Huron and the Canadian authorities have been asked to co-operate. The result is that the number of Royal Canadian Mounted police here may be increased. The "Mountie" whether on horseback or motorcycle, adhere to the tradition of the service, that no matter where the trail may lead they always get their man.

Suddenly upon the stillness of the violin stole like the voice of a rephry that has been imprisoned in a pocket of the forest and strays through the shadowed aisles when all the twilight winds have folded their wings.

Softly the strains rose until the whole world seemed to wake to the song which the violin was singing. Then the music faded away, and the world grew very still again. By and by the shadows deepened, and low above the forest the big stars came out faintly, glowing deeper in the shadows deepened, until with the fulness of the night they swam and sang close above the trees.

From a nearby copse a thin-pointed whistle whistled and night life awoke in the deep forest. A fox barked from a far upland and was answered by his mate from another upland. From the marshlands of Dagwood Valley, the frogs voiced their gladness. An owl hooted from the hardwoods. From the lake marshes came the soft quacks of feeding ducks.

And through the scented dusk Doris led the boy and girl home with him to the Retreat in the Hardwoods.

"California Syrup of Figs"
Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you know your child is having the best and most natural physic for the little stomach, liver and bowels. Children love its fruit taste. Full directions on each bottle. "You are what you eat."

German Warships To be Broken Up

Other German Battleships Have Been Set Apart for Use as Breakwaters

Edinburgh, Scotland.—The recent arrival of various German battleships which other craft which are being handed over to the British authorities under the peace treaty conditions have created considerable interest in this district. One of the most interesting of these has been the former well-known commerce raider, the Moeve, which carried a great amount of booty during the war. This vessel recently arrived in Leith Roads, and is now to be handed over to a London firm in order to be specially fitted out for the trade.

It will be recalled that the Moeve, which was built during the war, performed some of the most daring exploits during the early part of 1916. This famous raider captured the Argonne, and on the succeeding day the Clan MacLachlan. In a two months' raiding cruise, and by adopting various disguises, the Moeve claimed to have captured or sunk no less than 15 vessels.

It has been announced that two of the German battleships which had recently been surrendered, namely the Baden and Helgoland, are to be sent to Portsmouth where they will be used as target ships. The Baden is a new super-dreadnought, fitted with massive armor and embodies all the latest German ideas of gunfire protection. Used in the manner of a coast defense, such valuable information will no doubt be obtained by our naval constructors as to the efficacy or otherwise of that type of armor.

It is also stated that other German battleships which have been allocated to Japan, have, it is learned, been sent for use, when fitted with concrete, as breakwaters off the vicinity of Freshwater, Isle of Wight. In this region coast erosion has been very serious, and it is felt that these German vessels packed with concrete should make a very formidable barrier to the encroachment of the sea.

The former German destroyers V 80 and V 127, which were allocated to Japan, have, it is learned, been sent for use, when fitted with concrete, as breakwaters off the vicinity of Freshwater, Isle of Wight. In this region coast erosion has been very serious, and it is felt that these German vessels packed with concrete should make a very formidable barrier to the encroachment of the sea.

The former German battleship Nassau, which has been moored for some considerable time near Burntisland, has left the Firth of Forth to be broken up elsewhere.

Two Good Reasons Why the People of Canada Should Eat More Fish

Two good economical reasons why you should eat more fish:

It is cheap and nutritious, and provides a healthy meal.

One of Canada's greatest sources of wealth is her fisheries, and you help develop the industry by eating fish, and also help to put Canada in a better financial position.

Probably you are not aware how little fish Canadian people use. Britain is one of the greatest fish consuming countries in the world. During 1918 she had a per capita consumption of 38 pounds, and in 1919, it is believed, this was increased to 60 pounds. This means that each individual consumed at the rate of more than one pound per week.

In the United States last year it is estimated by officials at Washington the per capita consumption was 19 pounds. Although little reliance can be placed in this estimate, there is no doubt that the local consumption in the United States has increased greatly in recent years.

A few years ago the per capita consumption in Canada per annum was a matter of ounces. Through the combined efforts of the Canada Board of Fisheries and the Fisheries Commission it is estimated that the local consumption at one time reached a point equal to 45 pounds per capita. During 1919 it is estimated that the per capita consumption was somewhere between 23 and 25 pounds per annum. This is one of the greatest fish producing countries of the world. Why have our people so little faith in fish?

A Prize for Britain

The Largest and the Most Wonderful Airship in the World

Some time this week there will arrive in England from Germany Zeppelin L-71, the largest and most wonderful airship in the world. Surrendered to Britain as part of the penalty of defeat, it has been reported on several occasions that this airship had been as effectively crippled by the Germans that it would be impossible to navigate it. That would be quite in keeping with the long list of attempted evasions of peace terms which the foe has been guilty. But, whatever the truth of that story, the fact now is that the vessel is ready to be used in some of the contemplated flights to the most distant overseas Dominions. In navigable weather conditions this would be an easy task for the craft, which has a flying radius of 12,000 miles. The provision of proper landing stations might be the chief obstacle to a tour to Australia via Canada, or a journey to India by way of Egypt. Plans like these are talked of in Britain, which is quite used to airships of the latest kind, though the L-71 will be a new wonder there, as it is twice the size of the famous R-34 that flew to the United States and back with ease last year. As an object lesson for the Dominions in the possibilities of aerial communication it would be worth while to spend some money in visits of the Great Zeppelin to Empire countries.

Such a tour would also include a flight over the city of New York, for the bombing of which the monster airship was avowedly constructed. London and other English cities know what death and destruction the smaller Zeppelins can inflict. New Yorkers might at least guess what would have happened to their city had the L-71 been ready for action before the war ended. Whether she comes to this side of the ocean or not it may be taken for granted that Britain will not see the surrendered aerial masterpiece to good use of itself—as an instrument of instruction for its own aircraft designers and builders—Toronto Globe.

Authors of National Anthems

Sir Adolphe Routhier, who died on Sunday night, won his place in the Hall of Fame as the author of "O Canada." Alexander Muir, the venerable author of "The Maple Leaf Forever," died in Toronto about a dozen school teachers. Routhier was a Catholic, Muir an Orangeman. Musically "O Canada" is considered to be the finest song of the two and its acceptance in Quebec is general. "The Maple Leaf Forever" will doubtless continue to be played and sung for many years to come.—Ottawa Journal.

Dinner.—Is there any soup on the bill-of-fare?
Waiter.—There was, sir, but I watered it off.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin At All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Rheumatism, Eczema, and for Rheumatic, Influenza, Grippe, Neuritis, take Aspirin marked with the name "Bayer" as you are getting Aspirin at all.

Accept only "Bayer" Tablets of Aspirin in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin. Tablets marked with the Bayer Cross, now made in Canada. Handy tin boxes containing 10 tablets. Buy now. Tablets also available in larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark registered in Canada of Bayer Manufacture of Homeopathic Remedies of Montreal. Write us if you wish to know that Aspirin marks Bayer manufacturers, to avoid the public sale of imitations. The Tablets of Bayer will be stamped with their general trade mark, the "Bayer Cross."

CUTICURA HEALS BABY'S RINGWORM

On Head, Cross and Fretful, Hair Fall Out.

"When my baby was three months old her head broke out in little red pimples and there was a terrible itching. The ringworms were very large and there were several on her head, and her scalp would not grow. It was very cross and fretful at times and her hair was falling out."

"I used Cuticura Soap and Ointment, and after I had used one case of Cuticura Soap and two boxes of Cuticura Ointment she was healed." (Signed) Mrs. Lelah Sargent, Hampton, Idaho, Feb. 24, 1919.

Use Cuticura Soap, Ointment and Talcum for all skin purposes. Soap 25c, Ointment 25c and 50c, Sold Everywhere. Write for Free Booklet, Cuticura, Limited, 5c, Paul St., Montreal.

Use Cuticura Soap without soap.

Strangling the League

United States is Largely Responsible For Existing Difficulties

Had the United States followed the original plan in Ratifying the Treaty of Versailles it is reasonable to suppose that by this time the league of nations would have been on its feet, and that much of the existing confusion would have been prevented. At present a rather common American pore is one of indifference to European affairs. Neither this attitude nor any other assumption of blankness can alter the fact that the United States is largely responsible for the existing difficulties and for the loss of much which was thought to have been gained by the victory of justice and democracy—Cleveland Plain Dealer.

(Continued)
He led the Indian across to the cabin. The late afternoon twilight was streaming through the uncovered window, caressing softly the lined, peaceful face of the old trapper who lay asleep.

For a long time the Algonquian stood looking down, his face showing nothing of the conflict in his heart. Then he spoke:

"The fires of the forest blacken and clear what they destroy, but the south of the trees that vanish linger always in the scented aisles of the forest. The frost that chills the flowers in their long sleep lines their lips with a smile of peace. The Great Brother has brushed his hand across the face of my brother and left it serene as a wood-locked valley after the rain and storm have gone. It is well. Sagawa takes the cold hand that fed him, that saved him from the current, in his. He lifted one of the dead man's hands and held it in his own. His face was turned to the light. In it Dorikun marked sorrow, nobility, purpose.

"Sagawa goes now," said the regal Algonquian, "to track down the slayer of his friend and brother. After the sunset comes the summer sunlight and the songs of wild birds. After Sagawa has found and slain the slayer of his brother, the red mist will lift from the trails. His white friend, Dorikun, who leads the wild things by his strange power, can never understand the heart of the Algonquian. Sagawa could not take the heart of his aged brother, in that burning ground beyond the golden bars, if he felt his look undone."

He looked the dead man's hand once more on his breast, and turned to Dorikun.

"My friend of the Hardwoods knows that the hand, but the white man has long to grip Sagawa; that the link of the stream, the fisher of the lake, and the song of the timberland, he must shake and strike because he is hunted thing, because he is supposed to have broken the laws of the white man and his law. Sagawa will some day prove his innocence. Now he will speak with a true tongue to his white friend and warm him of a danger.

"It is that the lawless trappers of the lowlands, like a pack of wolves, have their noses pointed towards the yellow timberland belonging to Sagawa's friend. When the summer moon has died and the other, who best loves the darkness, takes in the stream they may steal forth and break into the Hardwoods. Sagawa, who knows this, has spoken."

Dorikun held out his hand to the Indian. "Sagawa's brother has heard, and is grateful," he said. "His will point what is to be, but his heart is heavy because his brother must follow the red trail. Again he would ask him if this must be."

The Indian drew his tall figure erect. "The spirit of Sagawa's aged brother calls to him to avenge his death," he returned gravely. "Sagawa must follow the red trail. It is well."

He bent and wrapped his big deer-skin about the body of the dead trapper. Dorikun watched him, and then suddenly his mind reverted to the low which had been stolen. He opened his lips to speak. Then he shook his head, as though reconsidering. Surely the Indian's heart was not so easily already. He called for aid at the motion of the Indian, and

Fertile Plains

Mr. and Mrs. W.S. Hays and family visited last Sunday week at the O.G. Dringdon home

On July 5th, and 6th, we were blessed with some very nice showers, which brought happy smiles to the farmers' faces again. We wonder if Prof. Hatfield would not have been given credit for the rain had he been fortunate enough to have arrived a day or two previously. However, we sincerely trust that we may now be blessed with an abundance of the precious fluid

Mr. and Mrs. L. Smale visited at the Mike Channey home in Prosper last Sunday week

Messrs. Ed. Wutaki, Tony and Paul Geldreich are enjoying a fishing trip Elkwater Lake

A dance was given in the L.N. Sewell barn on the evening of June 30th. The barn was packed to its capacity and a good time was had by all present. Music was furnished by the Severdahl Orchestra

Mr. Roy Sewell and three children are visiting at the L.N. Sewell home

Mr. C.F. Henry, accompanied by P. LaMarche of Winnipeg and H.C. McDaniels of Whita attended a Directors meeting in Medicine Hat on Wednesday last week

School opened in Conquestville School on June 28th, with Miss Terrell of Lethbridge as teacher

Mr. M. Drozgo, Miss Anlon and niece little Janet Nanson visited at the R.M. Conquestville home last Sunday week

W.J. Hird is a business visitor in Lethbridge this week

Miss Mabel Geldreich spent last week and the guest of Miss Vale Sampson

Rev. and Mrs. V.M. Gilbert and Mr. and Mrs. L.D. James and daughter Miss Stagle of Bow Island were in attendance at the picnic and social evening held in the High School last Wednesday week. Mrs. M.J. Gibbons held the lucky number which drew the fine hand painted picture, donated by Mr. Wm. Phipps

On Friday evening July 2nd, the Forty Mile F.W.V.A. met at the pleasant home of Mr. and Mrs. W.S. Henry, a large number were in attendance, the meeting was called to order by the President after which "The Maple Leaf" was sung with Mrs. W.S. Henry at the organ. After a short business meeting we were entertained by many fine selections rendered by the young people present. Mrs. Smale gave a fine paper on the "Political Problems of the Day and how to solve them," then followed two well rendered duets by the Misses Kennison and Geldreich, also solos by Mrs. S.C. Sorenson and Mrs. A. Geldreich, and recitations by Julia Solberg and Miss Marie Kennison who never fails to please her audience

Master Hubert Conquestville sang "Is this the Train to Heaven" which was heartily applauded, and last, but not least the old song "The Old Oaken Bucket," was well rendered by the male quartet consisting of Messrs. W.S. Henry, G.H. Howden, F.W. Terrell and S.C. Sorenson, after which the meeting adjourned, and light refreshments were served

The next meeting will be held at the home of Mrs. Joe Neal on the afternoon of Saturday, July 17th, at which time we hope to organize a Junior Branch

At our last meeting we were fortunate in getting five new members as follows: Messdames H.G. and M.C. Brown; G. R. Howden; C. H. Reynar and Joe Lynn. We hope to have every farm woman in this District enrolled as members of this great democratic organization within the next few months

Miss Cora O'Neil finished a very successful term of school in the High School on June 30th, and is spending her vacation with her parents near Winnipeg

Sinn Fein Court Orders Suppression Of All Information

Dublin.—The Dublin county court has instructed its officials not to supply any information to the British Home Office authorities nor to these authorities to examine books or documents. "The Irish Republican Parliament" issued these instructions through the court-styled court.

The Sinn Fein executive in Cork has circulated among the Cork members a similar warning not to furnish income tax information, adding: "Any breach of this order will be severely dealt with."

The situation in the west and south is as serious owing to the stoppage of trains, that many towns are adopting a rationing system as a precaution.

Londonderry, Ireland.—An atmosphere filled with ominous forebodings prevails here. It will surprise no one if the civil warfare that tormented this city for more than a week recently, broke into fresh flame at any moment. Nationalists, who in the recent struggle were finally forced to yield to the armed weight of the government troops, now seem all prepared for new war.

Barbed wire and barbed wire fences are being erected in the main thoroughfares.

Russian Peace Needed

British Labor Delegation Declare the Continuation of Blockade

London.—The British Labor delegation which recently returned from Russia, has issued an interim report. It declares there is urgent need for immediate peace with Russia, and that persistence in the policy of blockade and intervention is madness and criminal folly which can only lead to European disaster.

Emphasizing Russia's economic and transport difficulties and the absorption of her efforts in military activities, the report says: "Russia is the world by a blockade of all powerful nations, attacked by enemies from within and without, and menaced by fear of counter-revolutions, from within, it is wondered that a revolutionary government which has maintained any kind of order and discipline amongst its people, has rallied to its support practically the whole Russian nation."

Voice Across the Sea

Wireless Telephone to Join Newfoundland and England

St. Johns, Nfld.—Preparations are being made at the historic Signal Hill for establishment of communication between Newfoundland and Great Britain by wireless telephone. The first of speaking apparatus, which will be by wireless telephone has already been accomplished, connection having been established between London on the one side and St. John's, C.B., the Marconi headquarters, on the other. But in the present instance, it is planned to make the scheme much more extensive. The principal purpose of the activities of the Marconi Company is to give a demonstration to the old world members of the press conference, who will shortly be out this way to join the Dominion members in Canada for a two months' tour of the island.

The object is to have the steamer Victorian, on which the press men are coming across, in constant communication with the shore on either side from the day they leave Liverpool till they arrive in Halifax, and for this purpose a station is being equipped on the Cornwall coast in England, second at Cabot Tower, Signal Hill, St. John's, and the third on the Victorian.

Villa May Surrender

Mexican Rebel Has Signed Armistice And Agrees to Cease Making Trouble

El Paso, Tex.—A despatch to the El Paso Times from its correspondent in Torreon, Mexico, says that Francisco Villa has signed an armistice and agreed to cease attacks on trains, railroads or towns.

The rebel chief claims he also agreed to surrender, under certain conditions to be approved by Provisional President De La Huerta.

W. N. U. 1324

Good Crop Prospects Throughout Manitoba

Provincial Agricultural Department Issues Encouraging Report

Winnipeg.—On the whole the crop outlook in Manitoba is very encouraging, says an official report given out by the provincial department of agriculture. It is stated that crops from probably 50 per cent of points are entirely satisfactory, while from the rest there is some word of lack of recent rains. There is no suggestion of crop failure, however, and indications run from "fair to good." Many early wheat fields are ahead of heading. A fairly early harvest is expected. Grasshoppers have been successfully fought with poison, though during their work in some districts.

Garnering U.S. Crop

100,000 Men Are Moving North Through the Wheat Belt

Washington.—A land army of 100,000 men has been organized by the department of agriculture is moving northward across the western wheat belt harvesting the United States grain crop in ten days this year, according to reports to the department.

For the first time in years farmers have not been handicapped through the labor shortage, Dr. Taylor, of the farm bureau said. A wage of \$7 for a ten-hour day is being paid for the harvesters.

Canadians Honored For Bravery

London.—The list of awards of the medal of the British Empire Order, just published, contains the names of the following Canadians: Charles Norman Barclay, Eva Grace Carr, Marshall, Henry McDonald, Reginald Moncrieff, Gilbert Murray, George Paterson, Clare Sault, all for conspicuous bravery at explosives factories in Canada.

News of the Provinces

SASKATCHEWAN

Regina.—What is believed to be the most favorable crop report ever issued by the Department of Agriculture was given out last week. It comprises reports from 50 points representative of the whole province, and every locality testifies to the healthy state of the crops and the abundance of moisture.

Regina.—The city is considering with the United Hotel Company, the erection of a new hotel to cost \$1,000,000. A committee of the Board of Trade has approved the proposal, and an effort is being made to raise the necessary capital.

Saskatoon.—The total number of big game animals shot under license in Saskatchewan in 1917 was 1,825, divided as follows:—Moose, 1,301; deer, 661; caribou, 64.

Swift Current.—Further work has been done in connection with the proposals to irrigate a portion of south-western Saskatchewan embracing 25,000 acres. The irrigated district will now probably reach the Weyburn-Lethbridge line of the C. P. R. and take in country north of Conklin, Vidara and Robart.

ALBERTA

Edmonton.—Showers and general rainfall throughout the greater portion of the province during the past week has furthered the growth of crops. Wheat in many localities is over 12 inches high, and timothy, alfalfa, and garden products are making excellent progress.

Edmonton.—Since the beginning of the year the Alberta government employment bureau have placed over 20,000 men and women in positions. Last month, out of 6,441 applications from men and 1,796 from women, they were successful in placing 5,480 men and 1,633 women.

Calgary.—The Pope Lease, comprising one of the finest pieces of agricultural land in the province, and containing 15,000 acres, will be offered for soldier settlement. More than 100 applications have already been received and the parcels of land will be disposed of by ballot.

Gleichen.—Hospitality after the true style of the old west is being given to the British press men on their Canadian tour when they reach Alberta. Here the two special trains will be greeted by a band of 500 Blackfooted

Dipping in Mange Affected Areas

Ottawa Reports That Alberta and Saskatchewan Farmers Are Assisting in Work

Ottawa.—The first stage of the compulsory dipping order for cattle in many affected areas in Southern Alberta and Southwestern Saskatchewan has been completed, according to word received from Dr. George Hill, chief veterinary inspector of the Dominion, who is supervising the move by which the federal department of agriculture hopes to practically eliminate mange within the next six or eight weeks.

All cattle in the area designated were ordered to be dipped, and work started on June 24, the total number of dips being 88. Within a few days, twelve more had been added. Dr. Hargreaves, of Medicine Hat, who is assisting with the work, reported that practically every stock owner had given the department their full co-operation. Range riders assigned by the department covered the territory to see that stragglers were brought in behind the general roundup.

The second dip has commenced, and it is hoped to complete it by July 15, when statistics on the number of animals treated will be available.

Canadian Beef on U.S. Market

New York.—High prices of beef in New York have attracted heavy shipments of Canadian fresh beef, the Evening World says in a special article dealing with the decline, compared with the prices a week ago. The arrival of these shipments from Canada, the newspaper says, have curtailed the practice of short shipping to New York and making the New York market a "price model" for the United States.

Help for Poland

Spa.—A member of the Polish delegation said that Marshal Pilsudski and Field-Marshal Wilson were considering the question of military aid for Poland.

MANITOBA

Winnipeg.—A sheaf of winter crops, just out with the snow was brought into the city by a farmer from Birds-bell. It was fully headed out and in bloom, and measured 18 inches. This was sown in October last.

Brandon.—Great interest, even a banding of that of previous years, has been evinced at the tour of the winter Farming Train, throughout the western provinces. The average daily attendance at exhibits, extensions and lectures, has been in excess of twelve hundred.

Niverville.—J. S. Laidlaw, who is growing hemp for the Canadian Fibre Products Company, incorporated with a capital of \$1,000,000, has exhibited some fine samples of this year's production, and states that prospects of a good crop are excellent.

BRITISH COLUMBIA

Victoria.—Investigation will be commenced immediately with a view to establishing a stock plant in British Columbia, according to a statement made by the chairman of the board of directors of the Canadian Cattle Raisers' Association, Ltd. He has just returned from Brazil, Paris, and London, and has been instructed by a number of stock and financial men to investigate the steel possibilities of the province.

Vancouver.—The value of fish that were caught in British Columbia waters during the first three months of the year amounts to 1,320,888, leading all the provinces of the Dominion. This revenue was derived from 12 varieties of fish out of a total of 38 edible species that are found in quantities on the Pacific Coast.

Victoria.—The manufacture of calcium carbide at various points throughout the province is being advocated here. This material, which is manufactured from limestone and coke by subjection to heat in an electric furnace, is used for the production of acetylene gas, as a substitute for gasoline, and for certain chemical purposes. One ton of calcium carbide is obtained from 3,000 lbs. of the material.

Crop Handling To be Discussed At Conference

DECISION IS UPHELD IN CASE OF GEN. DYER

Held Responsible For Firing on Indian Crowd, and Put On Half Pay List

London.—The army council after having considered a report of the Hunter investigation committee, and a long statement submitted by Brigadier-General R. E. H. Dyer, concerning Dyer's action in ordering troops to fire into a crowd of Indians at Amritsar, in the Punjab, upheld the commander-in-chief in India for removing Dyer as commander in the Punjab and from holding any further position in India, according to an announcement made by Winston Spencer Churchill, secretary for war, in the house of commons. The council also agreed with the decision of the Indian authorities, condemning General Dyer for firing on the meeting of natives at Amritsar and declaring that he must not be further employed.

The house of commons was greatly excited over the statement. By Mr. Chamberlain, the army council had agreed with the decision of the Indian authorities, condemning General Dyer for firing on the meeting of natives at Amritsar and declaring that he must not be further employed.

Vigorous protests were raised and cries of "shame." The house is now dealing with the budget proposals in the finance bill. The chancellor has stuck to his guns against the 5 per cent reduction in sparkling wines to 13.13 percent.

Siberian Coast Held by Japan

No Possible Terminal Is Left to the Russian Railway

Washington.—Vostok Bay, last of the first-rate harbors on the Asiatic coast north of Port Arthur remaining in possession of Russia, has passed into the hands of Japan, according to official advices received here, reported occupation of the town by Japanese troops. The harbor of Vostok Bay, 75 miles southwest of Vladivostok and part of Russian Siberia, was ceded for a time by Russia as the logical terminal of the Trans-Siberian railroad in preference to the port of Vladivostok, which is a natural port.

Possession of the bay, together with other ports occupied by the Japanese this year on the Asiatic coast, according to official advices, gives Japan not only all salt water terminals of the Manchurian and Siberian railways, but every possible future terminal.

Against Alliance

China Opposed to Renewal of Japanese Pact

Shanghai.—Sir Percy F. Alison, British minister to China, has been at this city on his way to England, having been given a leave of absence. He is taking with him a petition to the British government presented to him here by a group of leading Chinese, who are opposing the renewal of the Anglo-Japanese treaty which led to the negotiating of the Twenty-One Demands, and declare the danger from Russia and Germany has been removed. The United States, it asserts, is the only power with strength sufficient to endanger peace, and it is unthinkable that that country would alter its established policy overnight.

Press Delegates Delayed

Montreal.—Word has been received that the British delegates to the Imperial Press Conference, to be held at London, August, will be three days late in landing. The party, passengers on the Steamer Victoria, will now arrive at Sydney, N.S., and not at Halifax as formerly planned.

Winnipeg.—The whole question of wheat trading in Canada, in view of the announcement of the opening of the United States grain exchanges on July 15, is under careful consideration by the council of the Winnipeg Grain Exchange, according to a statement of J. E. Botterell, president.

All branches of the grain and flour trades were being invited to send representatives to a conference with the executive committee of the Grain Exchange at an early date for the purpose of determining the conditions under which the machinery of the Grain Exchange could best be put at the service of the country for the handling of the 1920 wheat crop, said Mr. Botterell, "therefore the Winnipeg Grain Exchange is proceeding energetically with plans for the safe and efficient handling of the Canadian crop for which the prospects at present are so favorable."

Resignation of Premier Gouin

After Fifteen Years in Office, Feels That He Can Consume Work To Other Hands

Quebec.—At a cabinet meeting Sir Louis Gouin declared his formal resignation as premier of the province. No announcements have been made as in regard to his successor or other matters at Quebec last April and many hundreds were wounded.

The house of commons was greatly excited over the statement. By Mr. Chamberlain, the army council had agreed with the decision of the Indian authorities, condemning General Dyer for firing on the meeting of natives at Amritsar and declaring that he must not be further employed.

"During fifteen years I have had the signal honor of enjoying the most confident confidence of our people. I feel that I should now confide to other hands the work of peace, concord and prosperity, which the Liberal party has striven to accomplish in this province since 1897."

"Thanks to the confidence which I have among all the groups of our population, and to their intelligent and effective collaboration, our province is developing rapidly, and is already enjoying a very enviable position in the Dominion. I have an unalterable faith in the great future of this province."

"The ambition of my life has been to merit the confidence of my fellow Canadians, and in that I have succeeded as prime minister, to think that I have been worthy of that confidence."

Shipowners and Seamen Disagree

Clash Occurs in Genoa Convention

Revolution

Genoa.—Representatives of the world's seamen, meeting at an international seamen's conference when Cutbush Law, representing the British Shipowners, presented an amendment proposing that the eight-hour day and 48-hour week should be applied only when vessels are in port.

Mr. Law said: "The 48-hour week is the most disastrous of the red flag revolution," he declared. This was applauded by the seamen's delegates.

Salary Arrears for Civil Servants

Back Pay for Fifteen Months Will be Given in Two Weeks

Ottawa.—Back pay checks for fifteen months will be paid to civil servants in the next two weeks. The annual salary schedule, and an announcement in the house of commons will be about \$400,000, that being the estimated cost of ante-dating the civil servants' salaries.

The individual amounts paid will be the difference between a civil servant's former salary and that awarded him in the new salary schedule. It is possible that two checks will be issued for each person, one covering the year from April 1, 1919, to March 31, 1920, and the other for April 1, 1920, to March 31, 1921.

About 45,000 checks will be sent out from the auditor-general's department.
